

STAZ-UNI

STAZ-UNI

Fork Lift Grab STAZ-UNI

Specially designed for heavy duty work with fork lift trucks.

For gripping heavier loads, or packs produced on multi-layer production machines. In particular used in conjunction with steel finger grippers. Can also be used for gripping packs of pavers which are not vertically steel strapped.

- Light-weight, yet with a high carrying capacity due to the use of high-tensile steel for load-bearing parts.
- Can fit all the usual packs of building materials due to a large opening range and to the exchangeable grippers which come in various lengths and designs.
- Fully hydraulic parallel opening range. Low-maintenance steel-plastic sliding guides.
- Manually adjustable pressure relief valve.
- Oil Pressure Gauge.
- Plastic sliding guides come with a 5 year guarantee.
