

TP-150/260 with HG-ERGO-DUO

TP-150/260 with HG-ERGO-SOLO

## TELEPLAN TP Handscreeding System

The TELEPLAN TP aluminium profile is sickle shaped. As a result the profile cuts itself into the bedding material and does not move upwards! No need for executing any force to push it down when pulling. Especially when screeding compacted sand, also in case of the screed bar cannot be moved sideways sawing off the bedding material due to lateral obstacles or boundaries, the advantages of the TP profile are enormous with regard to effort of energy, working speed and high-quality performance of the laying course. Two (2) TP profiles can be connected together in order to be telescopically adjusted in a simple and sturdy way. Thus one and the same tool can be used for various working widths.

Two fixed clamping units to connect both profiles, clamping units can not get lost. With height adjustable height stop on both sides, range of adjustment 0 – 127 mm (0 – 5 inch). Can be taken off quickly if required.

- Intergrated fitting for additional pulling handles TP-HG included in the side parts and HG-ERGO-DUO.
- One level indicator incorporated inside the TP profile.
- The light-weight aluminium hollow profile is extremely sturdy (low weight: only 1.3 kg / 3 lbs per metre).
- Long Lifespan.

Set of Roller Units TP/FP-RS

Type	Working Width mm (in)	Dead Weight kg (lbs)	Height Adjustable Range mm (in)	Order-Number
TP-60/100	600 – 1,000 (23.62 – 39.37)	3.5 (7.72)	0 – 127 (0.00 – 5.00)	51010006
TP-100/165	1,000 – 1,650 (39.37 – 64.96)	4.6 (10)	0 – 127 (0.00 – 5.00)	51010001
TP-150/260	1,500 – 2,600 (59.06 – 102.36)	6 (13)	0 – 127 (0.00 – 5.00)	51010002
TP-200/350	2,000 – 3,500 (78.74 – 137.80)	7.3 (16)	0 – 127 (0.00 – 5.00)	51010003

### Accessories:

**HG-ERGO-SOLO:** Handle for TELEPLAN and FIXPLAN, which has been further developed according to ergonomic aspects. 1 piece incl. handle holder, enables fatigue-free working in a standing body position.

**HG-ERGO-DUO:** Handles for TELEPLAN and FIXPLAN, which have been further developed according to ergonomic aspects. Set consisting of 2 pieces, allow fatigue-free working in standing body position, can be attached to the side parts at any time via a plug-in fastener.

**TP/FP-RS:** Set of Roller Units for TELEPLAN/FIXPLAN (can be added later).

Type	Dead Weight kg (lbs)	Order-Number
HG-ERGO-SOLO	2.6 (5.73)	41010074
HG-ERGO-DUO	4.3 (9.48)	41010072
TP/FP-RS	1.2 (2.65)	41010080
