ENZ-PROTECT

Pin Extractor ENZ-PROTECT

Simple but very efficient tool to pull out string line pins with electric shock protection cap used on construction sites.

- The previous time consuming and often injury causing method, to pull out pins just by hand or using pliers, hammer and such are gone now.
- Without using the ENZ, pins often get bent.
- When lifted up, the V shaped clamping system locks to the pin. Now pulling and turning movements to loosen the pin can be exerted without any real physical effort.
- Durable surface protection by galvanizing.
- Hardened gear segment.
- Lateral insertion of the ENZ-PROTECT on ground nails with plastic protective cap.
- Plastic handle reduces risk of electric shock in case of accidental damage to underground cables.

| Type | Diameter outside mm (in) | Dead Weight kg (lbs) | Order-Number |
|-------------|--------------------------|----------------------|--------------|
| ENZ-PROTECT | 10 – 35 (0.39 – 1.38) | 1.0 (2.20) | 51800162 |

RSH

Plumb Line Fixture RSH

The plumb line fixture RSH allows for precise guidance of the plumb line in vertical and horizontal direction in combination with a pin extractor.

- Enormous time-savings for preparation of straight lines and right angles.
- Accurate alignment of the plumb line providing simple readjustment if required.
- The plumb line can be tightened precisely such as on rocky grounds or with pipe lines as the pin extractor can be moved.
- Durable surface protection by galvanizing.

Scope of delivery:

RSH: 1 clamping joint, 2 wing nuts and 1 cross rod with a length of 500 mm

| Type | Diameter outside mm (in) | Dead Weight kg (lbs) | Order-Number |
|------|--------------------------|----------------------|--------------|
| RSH | 5 – 20 (0.20 – 0.79) | 0.8 (1.76) | 51800081 |
